

'Get Back' where you belong!

Getting back where you belong isn't always as easy as it's implied in the popular Beatles song. But at Motion Concepts, we understand how important it can be for your clients to feel the comfort and security of belonging and fitting in.

That's why we created our new MaTRx PB Elite Back. It provides the adjustability needed for a perfect fit, plus good looks, lightness and portability — an ideal complement to more active users' lifestyles. Its sleek, stylish back shell is enhanced with cut-outs for breathability and visual appeal.

Features include:

- ▶ Popular 'Easy Set' hardware for ease of adjustment and optimal orientation of back in wheelchair
- ▶ Very lightweight – most models under 3 lbs!
- ▶ Visually pleasing back shell with cut-outs for breathability
- ▶ 3" contour depth suits more active users
- ▶ Wide range of sizes from 12" to 20" W x 12", 16" or 20" H
- ▶ Optional formable, width/angle adjustable lateral supports
- ▶ 300 lb weight capacity

Check out the all new Elite Back today and help your clients get back where they belong.

Available in 3 heights:
12", 16" or 20" H
Widths from 12" - 20"*
*(in 1" increments)
